

The image is a black and white line drawing for World Health Day. It features a central graphic of two overlapping circles. The text "WORLD HEALTH DAY" is written across these circles in a bold, sans-serif font. A stethoscope is draped around the circles, with its chest piece at the bottom and its binaurals at the top. To the right of the circles is a plus sign, and to the left is a cloud. Below the circles is a large, stylized drop shape. At the bottom of the image is a curved line representing the horizon of the Earth, with a simplified map of the continents of Africa and South America. Another cloud is in the top right corner.
